Monthly Indicators

GREATER GREENVILLE ASSOCIATION OF REALTORS®

October 2026

U.S. existing-home sales rose 1.5 percent from August and fell 2.2 percent from a year earlier in September, to a seasonally adjusted annual rate of 3.99 million, according to the National Association of REALTORS®. Sales increased in the South and the West, held steady in the Midwest, and declined in the Northeast. Compared with a year earlier, sales declined in all four regions. August and September were the two slowest months for home sales this year, NAR Chief Economist Lawrence Yun said.

New Listings were down 7.0 percent to 2,200. Pending Sales decreased 12.3 percent to 1,272. Inventory grew 10.4 percent to 6,766 units.

Median Sales Price was up 1.3 percent to $327,200. Days on Market increased 9.1 percent to 60 days. Months Supply of Inventory was up 9.8 percent to 4.5 months.

Heading into October, 1.60 million homes were listed for sale, up 1.9 percent from the previous month and 4.6 percent from a year earlier, according to NAR. Unsold inventory was a 4.8-month supply, unchanged from August and up from a 4.5-month supply a year earlier. The median existing-home sales price was $417,500, up 1.3 percent from $412,300 a year earlier. That marked the 39th consecutive month of year-over-year price gains.

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

October

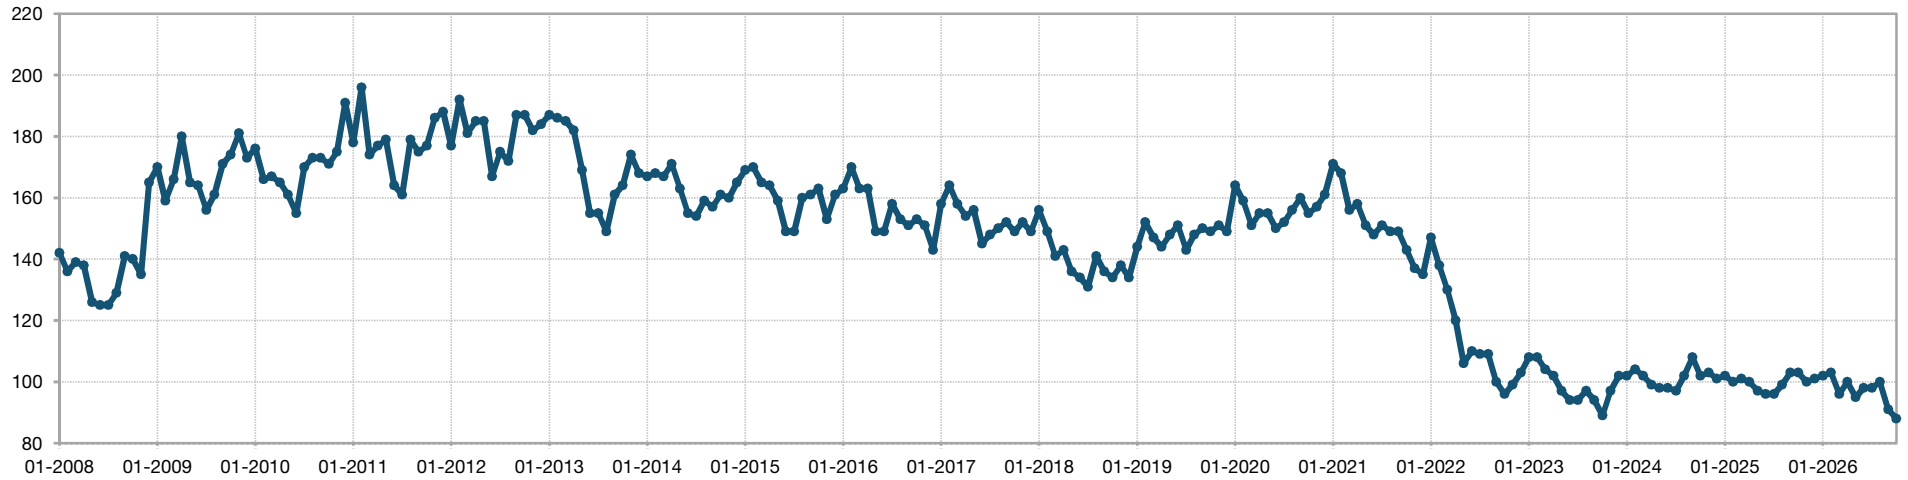

Year to Date
